

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

Submission ID	Name of Authors	Title of the abstract
2	Nagarjuna Narayanasetti, Annie Thomas	Physiotherapy for managing tremors in patients with Parkinson's – a systematic review.
3	Bhairavi Srinath, Jennifer D'Souza	Cognitive deficits in stroke rehabilitation - insights from Indian physiotherapists.
4	Prateek Srivastav, Vaishali K, H Vinod Bhat, Suzanne Broadbent	Sex differences in obesity, physical activity and food behavior among obese and overweight adolescents in Udupi district, Karnataka, India.
7	Lopa Das	Analysis of outcome of IASTM and motor control training exercises in chronic nonspecific neck pain- a literature review
8	Neha Sharma, Kusum Mahajan, Asir John Sameul	Neonatal procedural pain and neuromotor changes on multisensory stimulation and soft tissue therapy among hospitalized preterm neonates: one-group pretest-post-test trial
10	Aarsi Shah, Priyanshu Rathod	Unlocking consciousness: innovative coma rehab (SSIMS) reshapes possibilities for recovery
12	Aarti Nair, Anchit Gugnani, Diya Nair	Disability and employment: to establish a framework for inclusion in the workplace with a vision of creating employment for people with disabilities.
13	Nilesh Makwana, Jayesh Bane, Lipsa Ray, Bhagyeshree Karkare, James Hillier	Incorporating sprinting in the early phase of hamstring injury rehabilitation to accelerate return to full participation in track and field athletes: a comparative study of two rehabilitation strategies.

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

14	Sarika Kukolore, Alka Rawekar	Artificial intelligence in clinical practice: implication for physiotherapy education.
15	Rajarajeswari A.	Efficacy of ADL based dynamic postural stability exercises after Canalith repositioning maneuver in benign paroxysmal positional vertigo patients
16	Shankar Ganesh, Abdur Khan, Sakti Das, Ashfaque Khan	Exercises and pain education improves clinical outcomes in a subgroup of patients with chronic low back pain positive for central sensitization
20	Parth Devmurari, Nandini Sharma, Dhruvi Ranpara, Priya Pandya, Priyanka Pandya, Kinnari Pala, Pankita Parekh	"Pulse-tech"- ideation to prototype to measure pulse strength device
21	Biju Nirmal Jacob, Joel Anison	Wellness, information support & empowerment (wise) initiative: A blueprint for empowering parents of children with disabilities:
22	Tina Dias, Charu Eapen, Atmananda S Hegde, Prajwal Prabhudev Mane, Saurabh Mehta	Effectiveness of combined core exercises and routine rehabilitation in improving muscle strength and functionality in knee osteoarthritis: a 4-week intervention study
23	Desai Khushbu, Riya Champaneria, Khushbu Naik	Inter-rater and intra-rater reliability and concurrent validity of five-minute cognitive test (FCT) with Montreal cognitive assessment (MOCA) in Parkinson's patients
24	Shreyasi Ghatkar, Renu Pattanshetty	Role of physical rehabilitation strategies used in dysphagia management in head and neck cancer survivors- a systematic review

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

25	Sanika Khutale, Renu Patthanshetty, Mahesh Kalloli	Feasibility of structured lymphedema prophylactic exercise protocol (LPEP) in post-mastectomy breast cancer patients: a pilot study
26	Mayuri Khatavkar, Sayali Kedare	Prevalence of musculoskeletal pain in field hockey players of Maharashtra – An observational study
27	Nupur Agarwal, Sanjiv Kumar, Sanal Thankappan	Effectiveness of coma arousal therapy on patients with disorders of consciousness – A systematic review and meta-analysis
28	Durga Kiran Doguparthi, Ravindran R	Association between clinical and community environment on gait performance among individuals with chronic stroke
29	Renu Pattanshetty	Cancer related xerostomia- a drying problem -A descriptive review
30	Dr Animesh Hazari, Vinaytosh Mishra, Praveen Kumar Kandakurti, Arun Maiya	The accuracy of 10 g monofilament use for clinical screening of diabetes peripheral neuropathy among Indian population
31	Daxa Mishra, Apexa Raithatha, Anusha Prabhakaran, Shyamsundar Raithatha	Physical activity practices and perceptions among physiotherapy students of Anand district, Gujarat – a mixed methods study
32	Shreya Tripathi, Bharat Tiwari	Effect of 4-week pulmonary rehabilitation on dyspnoea, fatigue, quality of life and radiological findings in a patient of pulmonary renal syndrome suffering from pneumonia- a case study.
33	Amit Sharma, Nidhi Ved	Biofeedback Integrated Thoracic Expansion measuring Device – A Technical Note.

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

36	Akshata Shinde, Nandit Passey, Sharanjeet Kaur, Narkeesh Arumugam	Integrated Effect Of 3d Schroth Method and Cellular Rhythm Therapy on 4-D Postural Analysis In An Individual With Idiopathic Structural Scoliosis- Single Case Study.
37	Preetha R., Gundimi Shashwathi, Bhamini Krishna Rao, Ajay Bailey, Pratap Kumar	Exploring the perceptions about exercises among women with infertility: A qualitative study
19	Shanthakumar Kalimuthu	Integrated physiotherapy approaches to inhibit neck extensor hypertonicity in Wilson's disease- a retrospective physiotherapy case study research
40	Krish Chanda, Bharat Tiwari	The effect of inspiratory muscle training on respiratory muscle strength and quality of life in maintenance Hemodialysis individuals- A case study
42	Chanan Goyal	Effect of visual perceptual skills training on manual dexterity and functional abilities in children with autism spectrum disorder: a case series
46	Shaivi Thakur, Narinder kaur Multani	Impact of sports injury on mental wellbeing of university level athletes.
47	Aruna Kodiyatar, Harda Shah	Title: physiotherapy management in challenging case of posterior reversible encephalopathy syndrome (PRES) developed after liver transplantation: a case report
48	Nischitha R Rao, Rynsha Shalon Dsouza,	Factors influencing the utilisation of community physiotherapy services offered through a national program for children with special needs in southern districts of Karnataka
49	Mamta Kansara Budhbhatti, Yagna Shukla	Guidelines used in cross cultural adaptation of the disabilities of the arm, shoulder and hand (dash) questionnaire: a narrative review

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

51	Purvi Patel, Riya Patel	Validation of Hindi version of Lysholm knee scoring scale
54	Parshvi Doshi, Vaishali Suthar	Effect of EMG driven robotic-assisted rehabilitation on hand motor function in individuals with stroke – systematic review
55	Lenny Vasanthan T, Amal Andrews, Diwakar Reddy, Sivakumar Balasubramanian	Using inertial measurement units (IMU) for measuring neck range of motion (ROM) in persons with neck pain: a validity and reliability study
59	Ravi Shah, Saravanan Murugan	Reliability of dual weighing scale biofeedback system (DWSBS), a new apparatus for assessment and training of weight bearing asymmetry (WBA).
60	Anjali Jain, Megha Sheth	Translation and cross-cultural adaptation of health literacy instrument for adults in Hindi.
62	Aditi Bhandarkar, Savita Ravindra, Ramesh Debur	Spatiotemporal parameters of gait symmetry and asymmetry in normal healthy individuals.
63	Zibeon Peter, Bharat Tiwari	Immediate effect of intercostal stretch versus anterior stretch basal lift on lung compliance, tidal volume, respiratory rate, heart rate and spo2 in mechanically ventilated patients: an experimental study
65	Ekta Mandaliya, Vaishali Suthar	The effect of motor imagery and virtual reality on motor functions in individuals with Parkinson's disease – A systematic review
66	Namrata Sojitra, Amit Sharma	A novel medical device prototype, one stop solution for shoulder dysfunction: A scientific note

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

67	Janvi Aswani, Shraddha Diwan	Comparative analysis of postural stability in school-aged children with hearing loss versus typical hearing: A cross-sectional study
68	Jahanvi Patel, Megha Sheth	Effect of aerobic exercise on menopause symptoms in perimenopausal housewives
69	Anjum Tadvi, R. Ravindran	Comparative study on effect of square stepping exercises with conventional balance exercises on balance in community dwelling elderly population: a randomized control trial.
70	Kinjal Shah, Reema Joshi	Efficacy of perturbation training on balance and function in older individuals- an experimental study.
71	Vishakha Chaubey, Dhvani Chanpura	Evaluate the neurobehavioral status of preterm infants at term equivalent age.
72	Nidhi Shah, Rushikesh Joshi	Relationship between duration of diabetes and functional balance in adults – a cross sectional study
73	Jeel Jeevrajani, Megha Sheth	Effect of OTAGO exercise program via tele rehabilitation on fall risk and balance in older people
74	Shivani Jha, Veena Kiran Nambiar, Chaitali Kadam	Women-focused cardiac rehabilitation in India - an urgent need.
75	Dhruvi Agravat, Parthkumar Devmurari	Innovative device for superficial sensory examination; An exploratory multiphasic study

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

78	Urvashi Sharma, A.G.K. Sinha	Validation of a retrospective injury questionnaire for competitive Indian athletes
82	Girish N., Tina Agnes, Nisha Kulal	Relationship between hand grip strength and gait speed among pre-sarcopenic, sarcopenic, and frail older adults
84	Arpit William Christie, Neha Patel	Athlete mindful skills associated with reaction time among recreational football players: An analytical study
85	Disha Grover, Shefali Walia, Stuti Khanna, Garima Wadhwa, Narkeesh Arumugum	Effectiveness of practice of Stroop test on selective attention and processing speed in individuals with stroke
86	Dhyan Patel, Neha Mukkamala	"Comparison of shoulder rotation range, strength and proprioception in racket sports players versus normal individuals"
87	Suparnamoom Banerjee, Anwesh Pradhan, Shilpasree Saha	Comparative efficacy of modified constraint-induced movement therapy (M-CIMT) technique with or without restraint device on gait and balance of hemiplegic patients with stroke: a pilot study
88	Kaushal Bhatt, Chinmay Shah, Raju K. Parasher	Efficacy of a clinic-based exercise program plus home-based exercise relative to a home exercise program on neuro-autonomic and neuro-motor development in high risk infants: case study design
89	Purnima Shrivastava, Vansh Maheswari, Sabhya Pritwani, Ajit Kumar, Arun Swamy, Sahil Batra, Renu John, Praveen D., Sridevi Gara, Rajesh Malhotra, Niveditha Devasenapathy	Reproducibility of a smartphone-based application for assessing knee range of motion

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

90	Nikita Sawant, Summaiya Shaikh, Asmita Karajgi	Design and validation of tool to assess application of good clinical practice (GCP) in physiotherapy academicians using modified e-Delphi method: A pilot study
92	C.R. Praveen Kumar, Monica E, Rajarajeswari A	A study to understand the issues in physical health and coping strategies of parents with disabled child
93	Sandeep Kaur, Narkeesh Arumugum, Divya Midha	Prevalence of learning disability in school going kids of government school in district Patiala, Punjab
94	Gehna Nandwani, Narkeesh Arumugum, Divya Midha	Efficacy of transcranial direct current stimulation (tdcs) on the quality of sleep for management of sleep Apnea: a review study
95	Anshita Aggarwal, Narkeesh Arumugum, Priyanka Dangi	Integrated effect of photobiomodulation therapy along with surface spinal stimulation and activity-based therapy on locomotion in an individual with traumatic incomplete spinal cord injury - single case study.
96	Jse Alongla Khezhe, Preetha R, Deepalaxmi Poojary, Divya Adhia, Jyothi Shetty, Shripad Hebbar	Factors associated with lumbopelvic pain among pregnant women in their third trimester
97	Palak Kakwani, Ramesh Debur	The effect of different scapular positions on serratus anterior and biceps brachii muscle activity during a forward reach task in healthy individuals.
98	Dhanashree Narayanan, Kirti Joshi	Development and validation of a questionnaire for assessment of awareness and knowledge about parasports among parents of children with disabilities.
101	Abishek J R, Vadivelan K	A conceptual model of a unified wrist sensor (UWS) for non-invasive real-time preterm infant monitoring at NICU

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

104	Vadivelan K, Abishek JR	Navigating pediatric rehabilitation in tertiary care: understanding parental challenges and enhancing multidisciplinary approaches
105	Yesha Parikh, Harda Shah	A scoping review of the effectiveness of various exercise regimens on the severity of uremic restless leg syndrome and other outcome metric in Hemodialysis subjects
107	Fagun Magia	Effects of Yogasana on anthropometric indices and polycystic ovary syndrome symptoms in women undergoing infertility treatment: An interventional study
127	Shweta Dhamani Keswani	Rapid resolution of knee pain and recovery of function, in patients diagnosed with mucoid degeneration of the ACL (MDACL), using the Mckenzie method (MDT): a case study.
109	Simranpreet Kaur	Effectiveness of destabilized core training exercises on lumbopelvic instability in females having c-section
110	Priyanka Sethi, Divya Aggarwaql, Pooja Sharma	Impact of PNF and resistance exercises on lower limb function in hemiparesis patients
113	Payal Gahlot, Rajani Singh, Jinshi Shah	Effects of mat Pilates program on inter-recti distance, waist circumference and trunk muscle endurance in a primiparous woman with post-partum diastasis recti- A case report
114	Isha Atwal, A.G.K. Sinha	Effects of Russian current stimulation on blood glucose in non-type-2 diabetes mellitus individuals: A single group experimental study
115	Anju Joseph, Daina Rodrigues, Divya Priya	Exploring global perspectives: A comprehensive review of healthcare professionals understanding and practices in the diagnosis and management of sarcopenia

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

117	Jinal Solanki, Payal Gahlot	Effect of aquatic therapy in secondary lymphedema post major breast cancer surgery: A review
118	Sujith Kush, Divya Priya Bhupal, Sundar Kumar Veluswamy	Test-retest reliability of commercially available bio-electrical impedance-based body composition analyzer in India
119	Riya Parikh	Development of a comprehensive scale to evaluate the severity of chronic stroke: An exploratory study
120	Pragati Chhajed	Comparison of brain gym and stretching in type 2 diabetes mellitus having short sleep duration: A randomised clinical trial
121	Harshavardni K P, Irin Bandyopadhyaya, Mythreyi Kondapi, Suresh Susurla	Digital therapy during anterior cruciate ligament (ACL) rehabilitation through evidence-based feedback using wearable device Pheeze®. A case study
122	Vidya Kamat, Soni Srikantaiah, Anagha Kulkarni	Functional restoration approach in the management of complex regional pain syndrome (CRPS) caused by onychomycosis: a case report
123	Zeel Kakkad, Veena Kiran Nambiar, Chaitali Kadam	Focus on mental health in cardiac rehabilitation.
125	Rajni Mittal, Priyanka Dangi, Sharanjeet Kaur, Narkeesh Arumugum	Effect of repetitive transcranial magnetic stimulation along with conventional physiotherapy treatment on sleep parameters using polysomnography: a sleep study in individuals with sleep apnea: A single case study

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

128	Shraddha Shakapnor, Triveni Shetty	Effect of 12 weeks of plyometrics, speed and agility training on physical fitness variables in sub-elite Kho- Kho players.
129	Sharanjeet Kaur, Harmanpreet Kaur, Narkeesh Arumugum	Current practice of fascial distortion model (FDM) on chronic pain in individuals with chronic myofascial neck pain: A review study
131	Rajitha Alva, Hamsa V, Kirti Joshi, Aditi Jain	Title: physical performance and sarcopenia among children and adolescents with nephrotic syndrome: a cross sectional analysis
132	Asir John Samuel, Ravi Vaswani	Phenomenological exploration of ethical challenges faced by physiotherapy professionals during research supervision: a qualitative study
133	Rutuja Butala, Rajani Mullarpatan, Mamta Shetty	Effect of 12-week neuromuscular exercise program on hip, knee, ankle joint proprioception and risk of falls in patients with total knee replacement with and without type ii diabetes mellitus
134	Hariharan S., Vadivelan K	Exploring shared decision-making in pediatric multidisciplinary team: a mixed-methods investigation into the roles of children, caregivers, and health care professionals
135	Sahana Shankar, Shaswat Verma	Importance of early ambulation in patients with Intra-Aortic Balloon Pump (IABP)
137	Mansi Jadhav, Ravindran R, Pallavi Kasture	Comparison of effects of high intensity laser therapy, extracorporeal shockwave therapy and ultrasound therapy in patients with plantar fasciitis: A randomized controlled trial
138	S. Sridevi, Sheeba P, Venkatesh N, Senthil Kumar T	Knowledge, attitude and practice of physical activity in subjects with hypertension

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

139	Devi Nagini Pilli, Triveni Shetty	Exploration of physical fitness attributes and kinanthropometric measurements in Mallakhamb players
140	Rachita Gururaj, Ridhi Verma, Divya Priya Bhupal, Sundar Kumar Veluswamy	Non-surgical interventions for the prevention and treatment of radiation-induced fibrosis and its associated disability in patients with head and neck cancer: an ICF framework-based systematic review
142	Usha Gowda, Shobhalakshmi S.	Intervention strategies to enhance exercise adherence in individuals with low back pain
146	Dhairav Shah	Digital revolution in physiotherapy clinical practice: a programme built by a physiotherapist for physiotherapists
147	Manthan Purohit, Jeel Jeevrajani, Rachna Pandya, Megha Sheth	Pelvic floor health literacy in Ahmedabad- A pilot study
148	Vandana Phadke, Ridhi Sharma, Navita Sharma, Shambhovi Mitra	Global research trends on gait rehabilitation in individuals with spinal cord injury- A bibliometric analysis
149	Labdhi Shah, Amrita Ghosh, Triveni Shetty	Therapeutic effects of yoga on gait variables, walking capacity, balance, lower extremity strength, and flexibility in ambulatory children with cerebral palsy
150	Poojary Trupti Yashodhara, Amrita Ghosh, Triveni Shetty Shrutika Parab	Effects of 12-week yoga intervention on ground level activities and balance in patients with subacute and chronic stroke
153	Ridhi Sharma, Vandana Phadke, Meena Makhija	Comparison Of 3D Scapular Kinematics of the affected and unaffected Shoulder in subjects with unilateral Adhesive Capsulitis.

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

154	Pooja Sharma, Irshad Ahmad, Divya Aggarwal, Priyanka Sethi, Sunita Kumari	Effect of high intensity circuit training on central fatigue and cognitive function among recreational athletes: an annotated bibliographic review
155	Radha Bhattad, Bhavana Gandhi	Effect of brain gym exercises on executive functions and dual –task performance in person’s with Parkinson’s disease.
156	Rachita Gururaj, Sundar Kumar Veluswamy, Akshay Rao, Vijayashree Thyagaraj, Betty Thomas, Callum Thomas, Rebecca Owen, Thomas Bewick, Ruth EM Ashton, Mark A Faghy	Exercise intolerance in individuals with long covid: a cross-sectional analysis
157	Shweta Jaiswal	To study the effect of posterior oblique sling exercises on performance parameter in volleyball female players.
158	Dhairav Shah, Nirati Lakhani	Lack of rural rehab: a case report of chronic stiffness post tibia fracture
159	Ranjit Tiwari, Sonia Lakhotia	The effectiveness of mirror therapy versus action observation therapy to improve upper limb motor function in subacute stroke patients- a comparative study
160	S. Sridevi, Venkatesh N, Senthil Kumar T	Design and develop a low-cost biofeedback respiratory device to improve lung function in pulmonary patients
161	Jency Prajapati, Alpa Purohit	An immediate effect of active release technique [art] versus graston technique [GT] on neck pain in individuals having myofascial trigger point of upper trapezius

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

162	Janani Iyer, Ramesh Debur, Sushma Shanbhag	Autonomic tone (galvanic skin response) during vertical height tolerance (VHT) using stairs in young adults: a cross-sectional study
163	Jahnvi Shah, Raturaj Shete, Rajani Mullarpatan	Effect of 12 week activity-based exercise program on upper extremity function in patients with type ii diabetes with and without shoulder dysfunction.
164	Yadav Vijeta	A cross-sectional study to identify prevalence and factors contributing to relative energy deficiency in sports (red-s) in Indian female athletes.
166	Jahanvi Dave, Ashish Khanal	A cross sectional survey study- prevalence of upper back pain among university computer engineering students.
167	Himani Suthar, Payal Gahlot	Association between balance, cognition and quality of life in middle aged postmenopausal women: A cross sectional study
168	Tejal Ghadge, Snehal Deshpande	NDT & SI integrated rehabilitation in rere gene disorder with developmental delay, ASD and cochlear implant: - A case report
169	Parth Devmurari, Satish Dhoriya, Kishan Parmar, Mansi Sabhya, Megha Bhalodiya, Khushbu Bhatt, Divya Sonagara	'Pro-chest' a novel device to measure chest symmetry
170	Jaganjyoti Das, Pooja Anand, Pooja Bhati	Impact of dynamic postural exercises on electromyographic activity, co-contraction and joint position sense in upper cross syndrome: a pilot study

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists Chandigarh: 8th - 10th March, 2024

171	Naveen Gurung, Ramesh Debur, Anagha Kulkarni	Correlation between gait speed and movement time of upper limb tasks in younger adults: a cross-sectional study
172	Divya Aggarwal, Priyanka Sethi, Pooja Sharma	Effect of neural mobilization on the Cervicocephalic Kinesthetic sense in cervical radiculopathy patients with or without diabetes mellitus.
173	Deepanshi Sharma, Amandeep Singh	Beyond traditional manifestations: unveiling the broader effect of cobalamin deficiency
174	Tejaswini S, Betty Thomas, Sundar Kumar Veluswamy	Physiotherapists-led workplace health promotion program: a cross-sectional need analysis
175	Misbah Khan, Daina Rodriques, Betty Thomas	Understanding exercise self-efficacy and physical activity patterns in individuals coping with chronic kidney disease: a literature review
178	Sathya Muruganandam	Comparison of Yo - Yo intermittent recovery test level 1 in university level - cricket and football players
179	Tejaswini S N	Feasibility of cardiac rehabilitation in patients with heart failure at tertiary hospital
180	Megha Modi, Zeel Shah, Dhara Patel, Yukta Patel, Anjali Sharma	Association between balance confidence and activities of daily living in community dwelling elderly
181	Prajakta Sahasrabudhe, Akanksha Dekate	Screening for peripheral arterial disease in asymptomatic at risk individuals: A case control study

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**

**List of Abstracts Accepted for the 8th Annual Conference of Society of Indian Physiotherapists
Chandigarh: 8th - 10th March, 2024**

182	Shweta Kumar, Barnali Bhattacharya, Shilpa Jain	A case series on post hysterectomy quality of life check in females of select rural southern Haryana villages
-----	--	--

NOTE:

- Presenting Author is required to register by **January 31, 2024** in order to include the abstract in the final programme.
- Mode of Presentation will be communicated through separate email.
- Authors will be intimated about the day/time of their presentation latest by **February 15, 2024**
